

# NOAA BOULDER SUMMER INTERNSHIP

We are NOAA Boulder, come be bold with us!

NOAA Boulder is a fun, friendly, and dynamic place to work offering a glimpse into many different types of science that NOAA studies. We are looking for an Outreach intern who can help connect the public and schools with our science. We'd love to build a deeper bond with the American Indian Community and are looking for creative ideas and one summer project to do just that.

**9 week flexible virtual summer internship**  
**Start date end of May to early June**

**Includes paid trip to Boulder, Colorado for one week of interaction with the NOAA Boulder Laboratories, Forecast Offices, and groups.**

**Competitive salary**

**Scan the code to fill out our internship form!**  
**Internship application period is October 1, 2023 - January 16, 2024**
