

HBCU SUMMER SCIENCE COMMUNICATION INTERNSHIP

at the

SOUTHEAST

Climate Adaptation Science Center

OUR PROGRAM:

The Southeast Climate Adaptation Science Center (SE CASC) delivers science to help fish, wildlife, water, land, and people adapt to a changing climate. We are housed at NC State University in Raleigh, NC.

Our interns assist the communications team with social media, news releases, newsletters, and videos that communicate our work. During any given week, you may be writing a synopsis of a research article, designing infographics, or filming and interviewing a scientist in the field.

If you are passionate about climate change, love nature, and are interested in dipping your toes into a science communication career, then

this internship is for you!

BENEFITS:

- 10-week internship, starting end of May
- \$17.50/hr, 20hrs per week
- Housing provided on NC State campus
- Travel reimbursement to/from Raleigh, NC (up to \$600)
- Published, portfolio-worthy pieces
